

***WE INVITE YOU TO SUBMIT YOUR ABSTRACT FOR THE 5TH INTERNATIONAL RECRYSTALLIZATION AND GRAIN GROWTH CONFERENCE.***

The ReX-GG2013 Organising Committee encourages you to submit your abstract for the 5TH INTERNATIONAL RECRYSTALLIZATION AND GRAIN GROWTH CONFERENCE (ReX&GG2013). To submit your abstract please visit the Conference website [www.rex-gg2013.org](http://www.rex-gg2013.org) and visit the Abstract Information page.

DATES AND DEADLINES

|                   |                             |
|-------------------|-----------------------------|
| 1 May 2012        | Call for Abstracts closes   |
| 2 May 2012        | Review period commences     |
| 4 June 2012       | Authors notified of results |
| 14 September 2012 | Paper Submission Deadline   |

ABSTRACT THEMES

Abstract submissions can be made along the following themes/sub-themes:

| <b>Materials sessions</b>    | <b>Phenomena sessions</b>                                | <b>Technique sessions</b>                         |
|------------------------------|--|---|
| Aluminium                    | Deformation structures                                   | Simulation and modelling: commercial applications |
| Steel                        | Recovery   | Simulation and modelling: phenomena               |
| HCP metals                   | Grain boundaries   | Experimental development and characterization     |
| Other metals                 | Dynamic recrystallization                                | 3D techniques                                     |
| Geological materials         | Static recrystallization                                 | In-situ experiments                               |
| Other non-metals             | Normal grain growth                                      |   |
| Nano-crystalline materials   | Abnormal grain growth                                    |   |
| Architected/graded materials | Structure and Migration of grain boundaries              |   |
| Thin/small components        | Industrial control of recrystallization and grain growth |   |
|                              | Texture development                                      |   |

Please note the deadline for abstract submission is 1 May 2012 AEST.
